PROFESSIONAL SUMMARY

Computer Science undergraduate who has published a Chrome extension (DataPluck) on the Chrome Web Store and delivered a live business website for a client using Next.js. Works in TypeScript, JavaScript, React and Python, and holds certifications from IIT Bombay, IIT Madras (NPTEL) and Anapty CodeEmy. Quick learner with strong English communication and teamwork skills, seeking an internship or entry-level role.

PROJECTS

DataPluck: Web Scraper & JSONL Dataset Builder | Chrome Web Store — TypeScript · Manifest V3

- Built and published a Chrome extension that turns lists, tables, feeds and articles into clean CSV, Markdown, JSON and JSONL datasets. It runs entirely in the browser with no backend of its own and uses *activeTab* instead of all-sites access.
- Engineered repeating-item detection with automatic column naming, per-column cleaning (numbers, case, regex), duplicate removal, pagination up to 200 pages and infinite-scroll capture.
- Added export formats for LLM fine-tuning and RAG (OpenAI messages, Alpaca, ShareGPT, chunked JSONL), a custom HTML-to-Markdown converter, and formula-injection protection for CSV exports.
- Integrated license-key activation with the Dodo Payments API and wrote 70+ unit and end-to-end tests (Playwright, real Chromium).

Jai Indira Agro Engineering – Business Website | jai-indira-website.vercel.app — Next.js 14 · React · Tailwind CSS

- Built and deployed a multi-page website for an agricultural machinery manufacturer using Next.js 14, React, Tailwind CSS and Vercel.
- Created a product catalogue with individual machine pages, an applications guide, company timeline and a quote request form (Web3Forms).
- Added SEO features (JSON-LD structured data, sitemap, metadata) and a mobile-friendly responsive design.

SKILLS

Programming & Web: TypeScript, JavaScript, HTML, CSS, React, Next.js, Tailwind CSS, Python (Basic)

Browser & Tooling: Chrome extensions (Manifest V3), esbuild, Playwright, Vercel, SEO (JSON-LD)

Data: MySQL (Basic), Database Management Systems (Basic), web data extraction, JSON / JSONL, Excel

Other: Digital Marketing (certified), Microsoft Office, English communication, teamwork, quick learner

EDUCATION

B.Sc. Computer Science (Specialization), Nallamuthu Gounder Mahalingam College, Coimbatore (Bharathiar University) — *Pursuing*

Higher Secondary (H.S.C.), Akshaya Academy Matric Hr. Sec. School — 2023–2024

Secondary School (S.S.L.C.), Akshaya Academy Matric Hr. Sec. School — 2021–2022

CERTIFICATIONS

Digital Marketing, Anapty CodeEmy Technologies Pvt. Ltd. (2 months) — Sep 2026

Python 3.4.3, EduPyramids (Spoken Tutorial, IIT Bombay), Score: 95% — Mar 2026

Real Time Sensing and Automation Technologies, two-day hands-on training by S.K Robotics with NGM College — Feb 2026

HTML, EduPyramids (Spoken Tutorial, IIT Bombay), Score: 92% — Oct 2025

Python for Data Science, NPTEL (IIT Madras) — Jul–Aug 2025

EXTRACURRICULAR ACTIVITIES & LANGUAGES

- Active member, **National Cadet Corps (NCC)**; regular participant in team-based activities that build communication and organizational skills
- **Languages:** English, Tamil
